

# LobbyLite- LO.3.043ST

Hall and Lobby replacment lamp

**Replaces:**

2x 18W PL2 Fluorescent

**Applications:**

Office, Educational & Communal, Industrial, Warehousing & Distribution as well as General installations

**Warranty (Yrs.)**

LobbyLite replaces a twin 26W PL lamp wall light and is suitable for domestic, commercial, architectural external lighting applications.

LED Technology means that the lamp never needs replacement and maintains high brightness through its 40,000 hours (>10years @ 10 hrs per day) of useful life. This is 5 times the life of a PL lamp and is 50% less expensive to run.

LobbyLite is driven by a simple 230V HF electronic Transformer which makes it a SELV (safe low voltage) class 2 fixture. It is a very low maintenance, high brightness, cost effective and pollutant free alternative to the traditional PL Lamp.
